2. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policy information that has been used in the preparation of these financial statements are summarized below. These policies have been consistently applied to the periods presented, unless otherwise stated.

2.1 *Basis of Preparation of Financial Statements*

(a) *Statement of Compliance with Philippine Financial Reporting Standards*

The condensed interim financial statements of the Company for the six months ended June 30, 2026 have been prepared in accordance with Philippine Accounting Standard (PAS) 34, Interim Financial Reporting. They do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the audited financial statements of the Company as at and for the period ended December 31, 2025.

The preparation of condensed interim financial statements in accordance with Philippine Financial Reporting Standards (PFRS) requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Although these estimates are based on management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

These condensed interim financial statements are presented in Philippine peso, the functional and presentation currency of the Company, and all values represent absolute amounts except when otherwise indicated.

(b) *Presentation of Financial Statements*

The financial statements are presented in accordance with Philippine Accounting Standard (PAS) 1, *Presentation of Financial Statements*. The Company presents all items of income, expense and other comprehensive income or loss in a single statement of comprehensive income.

The Company presents a third statement of financial position as of the beginning of the preceding period when it applies an accounting policy retrospectively, or makes a retrospective restatement or reclassification of items that has a material effect on the information in the statement of financial position at the beginning of the preceding period. The related notes to the third statement of financial position are not required to be disclosed.

In 2025, the Company reclassified the presentation of advances to contractors in the statements of cash flows previously presented as part of the changes of Other Non-current Assets under the Operating Activities section to the Investing Activities section.

(c) *Functional and Presentation Currency*

These financial statements are presented in Philippine pesos, the Company's presentation and functional currency, and all values represent absolute amounts except when otherwise indicated.

Items included in the financial statements of the Company are measured using the Company's functional currency. Functional currency is the currency of the primary economic environment in which the Company operates.

2.2 *Adoption of Amended PFRS Accounting Standards*

(a) Effective in 2025 and 2026 that are Relevant to the Company

The Company adopted for the first time amendments to PAS 21, The Effects of Changes in Foreign Exchange Rates – Lack of Exchangeability, which are mandatorily effective for annual periods beginning on or after January 1, 2025. The amendments require entities to assess whether a currency is exchangeable and to determine a spot exchange rate when exchangeability is lacking. These amendments also mandate the disclosure of information that enables users of financial statements to understand the impact of a currency not being exchangeable. The amendments had no significant impact on the financial statements of the Company.

The following amendments to the standards became effective from January 1, 2026 but were assessed to have no significant impact in the Company's financial statements:

- (i) PFRS 9 and PFRS 7 (Amendments), Financial Instruments, and Financial Instruments: Disclosures – Amendments to the Classification and Measurement of Financial Instruments.
- (ii) PFRS 9 and PFRS 7 (Amendments), Financial Instruments, and Financial Instruments: Disclosures – Amendments to Contracts Referencing Nature-dependent Electricity.

(b) Effective Subsequent to 2026 but not Adopted Early

There are amendments to existing standards effective for annual periods subsequent to 2026, which are adopted by the FSRSC. Management will adopt the following relevant pronouncements in accordance with their transitional provisions; and unless otherwise indicated, none of these are expected to have significant impact on the Company's financial statements:

PFRS 18, Presentation and Disclosure in Financial Statements (effective from January 1, 2027). The new standard impacts the classification of profit or loss items (i.e., into operating, investing and financing categories) and the presentation of subtotals in the statement of profit or loss (i.e., operating profit and profit before financing and income taxes). The new standard also changes the aggregation and disaggregation of information presented in the primary financial statements and in the notes. It also introduces required disclosures about management-defined performance measures. The amendments, however, do not affect how an entity recognizes and measures its financial condition, financial performance and cash flows.

3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

In preparing the condensed interim financial statements, management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgments, estimates and assumptions made by management, and will seldom equal the estimated results. On May 10, 2024, the BOD of the Company approved the subscription of MC to 926,162,000 common shares of the Company for a total subscription price of P13.2 billion to be paid by way of transfer of six prime, grade A, office properties in PEZA-accredited zones. On October 10, 2024, the SEC issued its confirmation of the valuation of the property-for-share swap. Consequently, on November 19, 2024, the Company issued 926,162,000 common shares.

On November 22, 2024, the Company filed the application for listing of the additional shares with the PSE, which is still pending as of the issuance date of the Company's financial statements. The Company recognized APIC in 2024 amounting to P12,225,338,400, less issuance cost amounting to P211.2 million.

In their respective meetings held on August 12, 2025, and September 29, 2025, Company's BOD and stockholders approved the increase in the Company's authorized capital stock from P5,000,000,000, divided into 5,000,000,000 common shares with par value of P1.00 per share to P8,000,000,000, divided into 8,000,000,000 common shares with par value of P1.00 per share.

On October 17, 2025, the Company and MC executed a Memorandum of Understanding where the parties agree to pursue a share swap arrangement over certain income-generating real estate (the Target Growth Assets) of MC that meet the investment criteria of the Company (see Notes 6 and 12). The Company intends to acquire the Target Growth Assets to secure income growth and provide a competitive investment return to its shareholders. In exchange for the Target Growth Assets and/or cash, MC shall subscribe to primary common shares of the Company at an average adjusted price per share equivalent to not less than P14.39 per share. The share price shall carry a premium to Volume Weighted Average Price of the Company's shares for the period of thirty (30) trading days prior to the transaction.

On December 17, 2025, the Company's BOD approved the proposed amended subscription by MC to 996,865,672 common shares in the Company for a total subscription price of P16,217,100,000 broken down into: (i) paid-up capital (at par) of P996,865,672, and (ii) additional paid-in capital of P15,220,234,328. The amended subscription price translates to an effective price per share of P16.27, representing a fifteen percent (15%) premium over the Volume-Weighted Average Price (VWAP) of P14.15 per share over a period of thirty (30) trading days. The amended subscription price shall be payable as follows: (a) the amount of P187,500,000 shall be paid by in cash, , full receipt of which is acknowledged by the Company, and (b) the balance of the total subscription price amount to P16,029,600,000 shall be paid by way of a tax-free exchange of nine grade

The SEC approved the increase in authorized capital stock on November 27, 2025. However, the completion of the property-for-share swap transaction is subject to the SEC's confirmation of the valuation of the Target Growth Assets, which serves as a condition precedent to the issuance of the corresponding shares. The SEC confirmed the valuation of the Target Growth Assets on March 18, 2026. Hence, the P187.5 million cash infusion received from MC is recognized as Deposit for Future Stock Subscription presented under Equity in the 2025 statement of financial position.

There are 43,041 and 37,500 shareholders of at least one board lot of the listed shares as of December 31, 2025 and 2024, respectively. As of June 30, 2026 and December 29, 2025, the last trading dates for each year, the shares closed at P13.94 and P14.00 per share, respectively.

12.2 Dividends

On April 30, 2026, the BOD approved the declaration of cash dividends of P0.2630 per share to stockholders on record as of May 15, 2026. The dividends were declared out of the unrestricted retained earnings for the year ending December 31, 2025. The cash dividends were paid on May 29, 2026.

The Company has no potential dilutive common shares as of June 30, 2026 and 2025.

14. COMMITMENTS AND CONTINGENCIES

14.1 Operating Lease Commitments – Company as a Lessor

The Company is a lessor under several operating leases covering real estate properties for office and commercial use (see Note 6). The future minimum lease receivable under these agreements as of June 30, 2026 and December 31, 2025 are shown below:

<i>(Amounts in PHP)</i>	June 30, 2026 Unaudited	June 30, 2025 Unaudited
Within one year	P 4,809,572,800	P 4,140,689,858
After one year but not more than two years	4,277,230,191	3,443,354,501
After two years but not more than three years	3,461,009,771	2,609,264,080
After three years but not more than four years	2,304,132,865	2,057,112,290
After four years but not more than five years	999,453,085	1,571,773,734
More than five years	<u>1,384,188,552</u>	<u>3,271,016,331</u>
	P <u>17,235,587,264</u>	P <u>17,093,210,794</u>

The Company is subject to risk incidental to the operation of its office and commercial properties, which include, among others, changes in market rental rates, inability to renew leases upon lease expiration, and inability to collect rent from tenants due to bankruptcy or insolvency of tenants. Majority of the Company's revenue from rental properties are derived from commercial and BPO-based tenants. If the expected growth, particularly from BPO-based tenants, does not meet management's expectations, or in the case of commercial tenants more stringent health measures are imposed resulting to further temporary or permanent closures of commercial establishments, the Company may not be able to lease their properties in a timely manner or collect rent at profitable rates.

To mitigate these risks, the Company requires security deposits and advanced rentals representing three months' and six months' rent from office and commercial tenants, respectively (see Note 9).

14.2 Operating Lease Commitments – Company as a Lessee

The Company entered into a land lease agreement with MC over the land on which its investment properties stood for a period of 25 years, renewable for another 25 years. (see Note 11.2). Variable lease payments commenced on July 1, 2023. The lease agreement does not contain any fixed lease payments. In addition, the lease agreement involves payment for security deposit (see Note 7).

14.3 Others

There are commitments and contingent liabilities that may arise in the normal course of the Company's operations, which are not reflected in the financial statements. Management is of the opinion that losses, if any, from these commitments and contingencies will not have material effects on the Company's financial statements.

15. RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company is exposed to a variety of financial risks in relation to its financial instruments. The Company's financial assets and financial liabilities by category are summarized in Note 16. The main types of risks are market risk, credit risk and liquidity risk.

The Company's risk management is coordinated with its parent company, in close coordination with the BOD, and focuses on actively securing the Company's short to medium-term cash flows by minimizing the exposure to financial risks.

The Company does not engage in trading of financial assets for speculative purposes. The relevant financial risks to which the Company is exposed are discussed below.

15.1 Market Risk

As of June 30, 2026 and December 31, 2025, the Company is exposed to market risk through its cash in banks, which are subject to changes in market interest rates. However, management believes that the related interest rate risk exposure is not significant. All other financial assets and financial liabilities are either noninterest-bearing or subject to fixed interest rates.

15.2 Credit Risk

The Company's credit risk is attributable to trade and other receivables and other financial assets. The Company maintains defined credit policies and continuously monitors defaults of customers and other counterparties, identified either individually or by group, and incorporates this information into its credit risk controls. Where available at a reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Company's policy is to deal only with creditworthy counterparties. In addition, for trade receivables, security deposits and advance payments are received to mitigate credit risk.

The maximum credit risk exposure of financial assets is the carrying amount of the financial assets as shown in the statements of financial position (or in the detailed analysis provided in the notes to financial statements), as summarized below.

		June 30 2026 (Unaudited)	December 31, 2025 (Audited)
	Notes		
Cash and cash equivalents	4	P 535,437,273	P 1,387,817,591
Trade and other receivables	5	2,590,332,127	916,649,667
Security deposit	7	64,429,902	40,711,274
		P 3,190,199,302	P 2,435,178,532

(a) Cash and Cash Equivalents

The credit risk for cash and cash equivalents is considered negligible since the counterparties are reputable banks with high-quality external credit ratings. Included in the cash and cash equivalents are cash in banks and short-term placements which are insured by the Philippine Deposit Insurance Corporation up to a maximum of P1.0 million for every depositor per banking institution.

(b) Trade and Other Receivables

The Company applies the simplified approach in measuring ECL which uses a lifetime expected loss allowance for all trade and other receivables. To measure the expected credit losses, trade and other receivables have been grouped based on shared credit risk characteristics and the days past due (age buckets). The other receivables relate to receivables from third parties other than trade receivables and have substantially the same risk characteristics as the trade receivables. The Company has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the other assets.

Management considers the ECL on the Company's trade and other receivables to be negligible taking into consideration the counterparties' ability to repay at the reporting date and the actual collection from such counterparties during the reporting periods.

Furthermore, the Company considers credit enhancements in determining the expected credit loss. Trade receivables are collateralized by advance rental and security deposits received from lessees.

The estimated fair value of collateral and other security enhancements held against trade and other receivables as of June 30, 2026 and December 31, 2025 is presented below.

	<u>Gross Maximum Exposure</u>	<u>Fair Value of Collaterals</u>	<u>Net Exposure</u>
As of June 30, 2026 (Unaudited)	<u>P 2,590,332,127</u>	<u>P 2,483,998,511</u>	<u>P -</u>
As of December 31, 2025 (Audited)	<u>P 916,649,667</u>	<u>P 1,620,279,406</u>	<u>P -</u>

(c) Security Deposit

The credit risk for security deposit is considered negligible as the Company has ongoing lease agreement with the counterparty and the latter is considered to be with sound financial condition and sufficient liquidity. The security deposit can also be applied against future rental payments in cases of default.

15.3 Liquidity Risk

The Company manages its liquidity needs by carefully monitoring scheduled debt servicing payments for long-term financial liabilities as well as cash outflows due in a day-to-day business. Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week, as well as on the basis of a rolling 30-day projection. Long-term needs for a 6-month and one-year period are identified monthly.

The Company maintains cash to meet its liquidity requirements for up to 60-day periods. Excess cash is invested in time deposits, or short-term marketable securities.

EXHIBIT 5

As at June 30, 2026 and December 31, 2025, the Company's financial liabilities have contractual maturities which are presented below.

		<u>Within 1 Year</u>	<u>1 to 5 Years</u>	<u>More than 5 Years</u>

A description of the Company's risk management objectives and policies for financial instruments is provided in Note 15.

16.2 Offsetting of Financial Assets and Financial Liabilities

Except when applicable for the offsetting of rental receivables and rental deposits arising from the normal course of the Company's leasing activities, the Company has not set off financial instruments and do not have relevant offsetting arrangements. Currently, all other financial assets and financial liabilities are settled on a gross basis; however, each party to the financial instrument (particularly related parties) will have the option to settle all such amounts on a net basis in the event of default of the other party through approval

by both parties' BOD and shareholders. As such, the Company's outstanding receivables from and payables to the same related parties can be potentially offset to the extent of their corresponding outstanding balances.

17. FAIR VALUE MEASUREMENT AND DISCLOSURE

17.1 *Fair Value Hierarchy*

In accordance with PFRS 13, *Fair Value Measurement*, the fair value of financial assets and financial liabilities and non-financial assets which are measured at fair value on a recurring or non-recurring basis and those assets and liabilities not measured at fair value but for which fair value is disclosed in accordance with other relevant PFRS, are categorized into three levels based on the significance of inputs used to measure the fair value. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and,
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

For purposes of determining the market value at Level 1, a market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

17.2 *Financial Instruments Measured at Amortized Cost for which Fair Value is Disclosed*

The Company's financial assets which are not measured at fair value in the statements of financial position but for which fair value is disclosed only include cash and cash equivalents categorized as Level 1. All other financial assets and financial liabilities are categorized under Level 3.

For financial assets with fair values included in Level 1, management considers that the carrying amounts of these financial instruments approximate their fair values due to their short-term duration.

The fair values of the financial assets and financial liabilities included in Level 3, which are not traded in an active market, are determined based on the expected cash flows of the underlying net asset or liability based on the instrument where the significant inputs required to determine the fair value of such instruments are not based on observable market data.

17.3 Fair Value Measurement of Investment Properties

As of June 30, 2026 and December 31, 2025, the Company's investment properties amounting to P89.7 billion and P73.7 billion, respectively, are classified under Level 3 of the hierarchy of fair value measurements.

The fair values of the Company's investment properties (see Note 6) are determined on the basis of the appraisals performed by Cuervo Appraisers, Inc., an independent appraiser with appropriate qualifications and recent experience in the valuation of similar properties in the relevant locations. Briefly describing the valuation method used, the approach converts anticipated future gains to present worth by projecting reasonable income and expenses for the properties. In estimating the fair value of these properties, management takes into account the market participant's ability to generate economic benefits by using the assets in their highest and best use. Based on management assessment, the best use of the Company's investment property is its current use.

Fair value as determined by independent appraisers are based on the Income Approach. Under the Income Approach, the fair value of an asset is measured by calculating the present value of its economic benefits by discounting expected cash flows at a rate of return that compensates the risks associated with the particular investment. The most common approach in valuing future economic benefits of a projected income stream is the discounted cash flows model. This valuation process of this model consists of the following: (a) estimation of the revenues generated; (b) estimation of the costs and expenses related to the operations of the development; (c) estimation of an appropriate discount rate; and (d) discounting process using an appropriate discount rate to arrive at an indicative fair value. The most significant inputs used in this model are the estimated expected future annual cash inflow and outgoing expenses, anticipated increase in market rental, discount rate and terminal capitalization rate.

The fair value is sensitive to changes in discount rate, terminal capitalization rate and market rental. A change in these unobservable inputs would have the following impact on fair value:

	<u>Increase</u>	<u>Decrease</u>
Discount rate	Decrease	Increase
Terminal capitalization rate	Decrease	Increase
Increase in market rental	Increase	Decrease

The discount rates and terminal capitalization rates were determined with reference to published risk free rates and risk premium rates at the date of valuation.

Also, there were no transfers into or out of Level 3 fair value hierarchy.

18. CAPITAL MANAGEMENT OBJECTIVES, POLICIES AND PROCEDURES

The Company's capital management objectives are to ensure the Company's ability to continue as a going concern.

The Company sets the amount of capital in proportion to its overall financing structure, i.e., equity and liabilities. The Company manages the capital structure and makes adjustment to it in light of changes in economic conditions and the risk characteristics of the underlying assets. The Company's total liabilities and total equity are presented below.

EXHIBIT 5

Under REIT Act, the Company is subject to external capital requirement to have a minimum paid-up capital of P300.0 million, which was complied with as of the reporting periods presented.

19. OPERATING SEGMENT

The Company has determined that it operates as one operating segment. The Company's only income-generating activity is the lease of its buildings, which is the measure used by the Chief Operating Decision Maker in allocating resources.

20. SUBSEQUENT EVENTS**Dividends**

On July 29, 2026, the Board of Directors approved the declaration of cash dividends of P0.26300 per share, to be paid from unrestricted retained earnings for the second quarter of 2026, to stockholders record as of June 30, 2026, with payment scheduled on August 28, 2026.

The total subscription price shall be paid by way of a tax-free exchange of twelve (12) income-generating asset buildings.

Management's Discussion and Analysis of Results of Operations and Financial Condition (June 30, 2026)

Results of Operations

(Based on Financial Statements adopted in accordance with the Philippine Financial Reporting Standards)

Review of Six Months ending June 30, 2026 versus Six Months Ending June 30, 2025

The Company's net income increased to Php2,528.3 million for the six months ended June 30, 2026, from Php1,928.9 million in the same period last year. The increase was primarily driven by the infusion of additional income-generating assets, which resulted in higher rental revenues and income from dues.

As a result, distributable income increased to Php2,493.6 million from Php1,864.5 million, mainly attributable to the expanded asset base arising from the asset infusion, with additional support from rental escalations.

The improvement in the Company's results of operations for the six-month period ended June 30, 2026 reflects the continued expansion of its income-generating portfolio through strategic asset infusions, which enhanced recurring revenues and overall operating performance.

Revenues

For the six months ended June 30, 2026, total revenues increased by 26.3%, or Php711 million, to Php3,412.8 million from Php2,701.8 million in the same period in 2025. The increase was primarily attributable to the infusion of newly acquired income-generating assets, which expanded the Company's portfolio and contributed additional rental revenues and income from dues.

Cost and Expenses

The cost of services increased by 14.2%, or Php72.7 million, to Php583.8 million from Php511.1 million for the same period in 2025. The increase was mainly due to higher land lease rates, increased real property tax assessments, and higher gross revenue-based management fees associated with the expanded asset portfolio.

Operating expenses increased by 113%, or Php26.5 million, primarily due to higher business tax assessments and professional fees incurred during the period.

Tax Expense

Tax expense decreased by 84%, or Php3.7 million, to Php0.7 million from Php4.4 million in the same period last year. The decrease was primarily due to lower final tax incurred on interest earned from short-term placements during the current period.

3. With respect to item 3, we noted that the planned application of the Block Sale Proceeds is in agreement with the Reinvestment Plan dated August 1, 2025.
4. With respect to item 4, we traced the utilization of the Block Sale Proceeds for the quarter ended June 30, 2026 to supporting acknowledgement receipts and approved payment endorsement documents.

We noted that the Company granted advances to the following disbursing entities to be used in the projects specified:

<u>Disbursing Entity</u>	<u>Project Name</u>	<u>Township or Location</u>	<u>Amount</u>
Megaworld Bacolod Properties, Inc.	Bacolod Projects	Bacolod	P 172,600,572
Megaworld Oceanside Properties, Inc.	The Mactan Newtown	Cebu	150,000,000
			<u>P 322,600,572</u>

We traced the cash advances granted by the Company to the acknowledgement receipts issued by the entities. Moreover, we agreed the amounts presented in the Report to the accounting records of the Company.

Because the foregoing procedures do not constitute either an audit or review made in accordance with Philippine Standards on Auditing (PSA) or Philippine Standard on Review Engagements (PSRE), respectively, we do not express an assurance on the use of the Block Sale Proceeds based on the said standards. Had we performed additional procedures or had we performed an audit or review of the financial statements in accordance with PSA or PSRE, respectively, other matters might have come to our attention that would have been reported to you.

We have no responsibility to update this report for events or circumstances occurring after the date of this report.

Our report is solely for the purpose set forth in the first paragraph of this report and for your information and is not to be used for any other purpose or to be distributed to any other parties. This report relates only to the information and items specified above and does not extend to any financial statements of the Company, taken as a whole.

Report of Independent Auditors on Factual Findings

The Board of Directors and Stockholders

Megaworld Corporation

30th Floor, Alliance Global Tower
36th Street cor. 11th Avenue
Uptown Bonifacio, Taguig City

We have performed the procedures agreed with you and enumerated below with respect to the attached Quarterly Progress Report (the Report) for the quarter ended June 30, 2026 on the application of proceeds received by Megaworld Corporation (the Company) from the block sale of 168,631,900 common shares of MREIT, Inc. (MREIT) which was settled on September 19, 2025, with the offer price of P13.28 per share (the Block Sale), resulting in a net proceeds estimated at P2,212,916,212.13 (the Block Sale Proceeds). The procedures were performed solely to enable the Company to comply with the requirement of the Philippine Stock Exchange (PSE) to submit the Report accompanied by an external auditor's report. Our engagement was undertaken and our report is issued in accordance with Philippine Standard on Related Services 4400 (Revised), *Agreed-Up on Procedures Engagements*.

Agreed-upon Procedures

The procedures we performed are as follows:

1. Obtained and checked the mathematical accuracy of the following:
 - a) The Report;
 - b) Schedule of planned application of proceeds from the Block Sale; and,
 - c) Detailed schedule of utilization of proceeds for the quarter ended June 30, 2026.
2. Compared the total amount of utilization appearing in the Report with the detailed schedule of utilization of proceeds.
3. Compared the schedule of planned application of the Block Sale Proceeds to the Reinvestment Plan. Inquired with the Company's management of the reason for the difference, if any, and requested a copy of the approval by the Board of Directors (BOD) and the PSE, as appropriate, i.e., if it involved reallocation or change in the use of proceeds.

4. Traced to and examined supporting documents such as acknowledgement receipts and approved payment endorsement documents, of disbursements in the detailed schedule of utilization of proceeds and traced the total amount of disbursements per category to the Report.

Results of the Performance of Agreed-Upon Procedures

1. With respect to item 1, we noted no exceptions on the mathematical accuracy of the Report and schedules.

We present below the summary of the application of the proceeds from the Block Sale for the quarter ended June 30, 2026, based on the information we obtained from the Company.

<u>Project Name</u>	<u>Township or Location</u>	<u>Products</u>	<u>Disbursing Entity</u>	<u>Amount</u>
Paragua Coasttown	Palawan	Malls, Offices Land Development and Other Developments	Megaworld San Vicente Coast, Inc.	P 350,000,000
The Mactan Newtown	Cebu	Malls, Offices, Land Development, and Other Developments	Megaworld Oceantown Properties, Inc.	320,000,000
Bacolod Projects	Bacolod	Malls, Offices, Land Development, and Other Developments	Megaworld Bacolod Properties, Inc.	<u>217,919,428</u>
				<u>P 887,919,428</u>

2. With respect to item 2, we noted that the total amount of utilization appearing in the Report is in agreement with the amount in the detailed schedule of utilization of proceeds.
3. With respect to item 3, we noted that the planned application of the Block Sale Proceeds is in agreement with the Reinvestment Plan dated September 25, 2025.
4. With respect to item 4, we traced the utilization of the Block Sale Proceeds for the quarter ended June 30, 2026 to supporting acknowledgment receipts and approved payment endorsement documents.

We noted that the Company granted advances to the following disbursing entities to be used in the projects specified:

<u>Disbursing Entity</u>	<u>Project Name</u>	<u>Township or Location</u>	<u>Amount</u>
Megaworld San Vicente Coast, Inc.	Paragua Coasttown	Palawan	P 350,000,000
Megaworld OceanTown Properties, Inc.	The Mactan Newtown	Cebu	320,000,000
Megaworld Bacolod Properties, Inc.	Bacolod Projects	Bacolod	<u>217,919,428</u>
			<u>P 887,919,428</u>

We traced the cash advances granted by the Company to the acknowledgement receipts issued by the entities. Moreover, we agreed the amounts presented in the Report to the accounting records of the Company.

Because the foregoing procedures do not constitute either an audit or review made in accordance with Philippine Standards on Auditing (PSA) or Philippine Standard on Review Engagements (PSRE), respectively, we do not express an assurance on the use of the Block Sale Proceeds based on the said standards. Had we performed additional procedures or had we performed an audit or review of the financial statements in accordance with PSA or PSRE, respectively, other matters might have come to our attention that would have been reported to you.

We have no responsibility to update this report for events or circumstances occurring after the date of this report.

Our report is solely for the purpose set forth in the first paragraph of this report and for your information and is not to be used for any other purpose or to be distributed to any other parties. This report relates only to the information and items specified above and does not extend to any financial statements of the Company, taken as a whole.

The procedures were performed solely to enable the Company to comply with the requirement of the Philippine Stock Exchange (PSE) to submit the Report accompanied by an external auditor's report. Our engagement was undertaken and our report is issued in accordance with Philippine Standard on Related Services 4400 (Revised), *Agreed-Upon Procedures Engagements*.

Because the foregoing procedures do not constitute either an audit or review made in accordance with Philippine Standards on Auditing (PSA) or Philippine Standard on Review Engagements (PSRE), respectively, we do not express an assurance on the use of the Block Sale Proceeds based on the said standards. Had we performed additional procedures or had we performed an audit or review of the financial statements in accordance with PSA or PSRE, respectively, other matters might have come to our attention that would have been reported to you.

We have performed the procedures agreed with you and enumerated below with respect to the attached Quarterly Progress Report (the Report) for the quarter ended June 30, 2026 on the application of proceeds received by Megaworld Corporation (the Company) from the block sale of 91,164,400 common shares of MREIT, Inc. The procedures were performed solely to enable the Company to comply with the requirement of the Philippine Stock Exchange (PSE) to submit the Report accompanied by an external auditor's report. Our engagement was undertaken and our report is issued in accordance with Philippine Standard on Related Services 4400 (Revised), *Agreed-Upon Procedures Engagements*.

Agreed-upon Procedures

The procedures we performed are as follows:

1. Obtained and checked the mathematical accuracy of the following:
 - a) The Report;

2. Compared the total amount of utilization appearing in the Report with the detailed schedule of utilization of proceeds.
3. Compared the schedule of planned application of the Block Sale Proceeds to the Reinvestment Plan. Inquired with the Company's management of the reason for the difference, if any, and requested a copy of the approval by the Board of Directors (BOD) and the PSE, as appropriate, i.e., if it involved reallocation or change in the use of proceeds.

4. Traced to and examined supporting documents such as acknowledgement receipts and approved payment endorsement documents, of disbursements in the detailed schedule of utilization of proceeds and traced the total amount of disbursements per category to the Report.

Report of Independent Auditors on Factual Findings

The Board of Directors and Stockholders Megaworld Corporation

30th Floor, Alliance Global Tower
36th Street cor. 11th Avenue
Uptown Bonifacio, Taguig City

We have performed the procedures agreed with you and enumerated below with respect to the attached Quarterly Progress Report (the Report) for the quarter ended June 30, 2026 on the application of proceeds received by Megaworld Corporation (the Company) from the block sale of 246,138,579 common shares of MREIT, Inc. (MREIT) which was settled on June 11, 2026, with the offer price of P13.75 per share (the Block Sale), resulting in a net proceeds estimated at P3,376,424,018 (the Block Sale Proceeds). The procedures were performed solely to enable the Company to comply with the requirement of the Philippine Stock Exchange (PSE) to submit the Report accompanied by an external auditor's report. Our engagement was undertaken and our report is issued in accordance with Philippine Standard on Related Services 4400 (Revised), *Agreed-Upon Procedures Engagements*.

Agreed-upon Procedures

The procedures we performed are as follows:

1. Obtained and checked the mathematical accuracy of the following:
 - a) The Report;
 - b) Schedule of planned application of proceeds from the Block Sale; and,
 - c) Detailed schedule of utilization of proceeds for the quarter ended June 30, 2026 showing nil utilization.
2. Compared the total amount of utilization appearing in the Report with the detailed schedule of utilization of proceeds.
3. Compared the schedule of planned application of the Block Sale Proceeds to the Reinvestment Plan. Inquired with the Company's management of the reason for the difference, if any, and requested a copy of the approval by the Board of Directors (BOD) and the PSE, as appropriate, i.e., if it involved reallocation or change in the use of proceeds.

4. Inquired with management and examined relevant supporting documents to determine whether any disbursements or utilization of the Block Sale Proceeds were made during the quarter ended June 30, 2026.

Results of the Performance of Agreed-Upon Procedures

1. With respect to item 1, we noted no exceptions on the mathematical accuracy of the Report and schedules.
2. With respect to item 2, we noted that no portion of the Block Sale Proceeds was utilized during the quarter ended June 30, 2026. We further noted that the nil utilization disclosed in the Report is in agreement with the schedule of utilization of proceeds and related records provided by management.
3. With respect to item 3, we noted that the planned application of the Block Sale Proceeds is in agreement with the Reinvestment Plan dated June 24, 2026.
4. With respect to item 4, management represented that no disbursements or utilization of the Block Sale Proceeds were made during the quarter ended June 30, 2026.

Because the foregoing procedures do not constitute either an audit or review made in accordance with Philippine Standards on Auditing (PSA) or Philippine Standard on Review Engagements (PSRE), respectively, we do not express an assurance on the use of the Block Sale Proceeds based on the said standards. Had we performed additional procedures or had we performed an audit or review of the financial statements in accordance with PSA or PSRE, respectively, other matters might have come to our attention that would have been reported to you.

We have no responsibility to update this report for events or circumstances occurring after the date of this report.

Our report is solely for the purpose set forth in the first paragraph of this report and for your information and is not to be used for any other purpose or to be distributed to any other parties. This report relates only to the information and items specified above and does not extend to any financial statements of the Company, taken as a whole.
